AN UNCHARACTERISTIC NEWSLETTER

October 2022

## WILL THE REAL JOHN DI DOMENICO PLEASE STAND UP?

Not this time.

Actually, last month, John was in full wardrobe and popping up all over the place as one of his many characters. He made appearances at casinos, corporate events, award galas, red carpets, not to mention, on radio and television.

And he was just as busy writing, producing and performing, as Billy Mays, Guy Fieri and Ted Lasso, in pre-event **broadcast promos** for the upcoming MAACO National Franchise Convention and more.

In the meantime, the REAL John was out of sight prepping to stand up and host... as himself... at a later time. So he sat the last 30 days out and let his characters run amuck (in a good way!). Have a look at the recap below.

## Why a Cast of Characters?

A professionally trained writer, actor and comedian and a master of transformation, John's diverse cast of **fully-wardrobed characters** – from his unique line-up of celebrities to his original personalities – **can deliver your content in their voice while creating a very big buzz on site.** A buzz that will resonate throughout the meeting and live on long past it.

Whether John is acting as an event emcee, game show host, presenter, pitch man, team builder, or brand ambassador, he's quite the character and quite the consummate pro. End of story.

Or is it? Here's more.

"Di Domenico delivers. Few performers bring as much to a production as John. He invests himself fully in each character. His enthusiasm pops. As a participant in the pre-production phase, John is engaged, highly motivated and brings workable ideas to the table."

## Howard Stern Takes on Johnny D (as Trump)

## John Hits the Podcast

## On the #1 Rated Radio Show on SiriusXM

An American radio show host best known for his controversial broadcasts, Howard Stern has conducted the most brilliant celebrity interviews ever heard. Candid and sometimes combative, Howard is not afraid to ask the tough questions.

And for 3 years, with over 25 appearances, he has challenged Trump, aka John Di Domenico, with some of the toughest questions. And Trump, always himself never fails to deliver some pretty wild and hilarious perspectives.

On September 21, Stern did the same. This time, he went after Trump for his feelings on some current events and pop culture news. Trump, of course, pulled out some very interesting responses. The interview can be heard on the SiriusXM Howard Stern Show radio archives.
